NEW CENTRES

20 new Learning Centres were opened at Raichur, Karnataka in January and 30 Learning Centres were opened in Ranchi, Jharkhand in the month of June.

CELEBRATIONS

Republic Day is always celebrated with great enthusiasm by the children of each centre. This year the schools joined hands with the local government schools to put up a splendid cultural program. Sweets and prizes were distributed to the girls by local community members.

PREPARATION FOR THE CLASS V BOARD EXAMS

Each year some children from IIMPACT Centres prepare and appear for the class V local government board exams. The non-formal multi level system of teaching adopted by our centres enables children to learn at their own pace.

This year 's results were commendable with a 100% pass rate! Here, it is important to acknowledge the undinting support of the local village communities who ensured that the girls received timely meals and snacks and always had a comfortable place to study in after school hours. The local community constantly works hard to ensure the smooth running of our Learning Centres.
